Meeting Notes

Agenda

- Decide on the features we should focus on.
- Decide on which nice-to-have features we should prioritize.
- Integrate Login and Register Code (of Shazeem) and resolve conflicts.
- Decide what to do with Chat UI.
- Decide what to do with Feed UI.

Decisions

- Decide on how to distribute the remaining tasks and fixes among Huzaifa and Alex, because Shazeem was not responding.

Discussion & Decision

- Alex will finalize creating/updating and deleting functionality of the Nest and Nest Items.
- Alex will also work on sorting and filtering features.
- Alex will complete the statistics feature.
- Alex will try to integrate similar images functionality.
- Huzaifa will work on Chat UI (because Shazeem was not responding).

- Huzaifa will also finalize Feeds, Feed detail and Feed user profile (because Shazeem was not responding).
- Huzaifa will fix some issues for sorting on the backend.
- Huzaifa will write the api for statistics.
- Huzaifa will modify the api and send similar images for nest item creation.
- Huzaifa will fix the issues in login and register functionality (because Shazeem was not responding)

Next Steps (can always be seen on Trello)

- Alex and Huzaifa will meet every day to finalize the project and complete all features.
